

All the ultimate and essential gear to become a DJ: the Hercules DJStarter Kit.

Rennes, October 18, 2018

After the launch of its three new DJ controllers and the new version of the DJUCED® software in late September, Hercules has announced today the perfect way to get started DJing: the Hercules DJStarter Kit. As the Christmas season approaches, the Hercules DJStarter Kit is the ideal way to celebrate and the ultimate Christmas gift for all music lovers. This comprehensive, easy-to-carry and easy-to-install solution includes the Hercules DJControl Starlight controller, Hercules DJMonitor 32 speakers, HDP DJ M40.2 headphones and Serato DJ Lite.

Hercules DJControl Starlight

The DJControl Starlight is the ideal controller to get into DJing with Serato DJ Lite. This ultra-compact, ultra-light and ultra-practical device packs all the features needed to mix and scratch with Serato DJ Lite:

- Integrated audio interface: Master output (speakers) + headphone output
- Touch-sensitive jog wheel; controls pause/playback
- 4 pads × 4 modes (Hot Cue, Loop, FX, Sampler).
- Tempo fader (pitch adjustment)
- Bass equalization/filter knobs + deck volume knobs

A signature light feature: a clear and powerful RGB backlighting with a unique strobe effect that guarantees a captivating show!

Serato DJ Lite

[Serato DJ Lite](#) (free download) has everything you need to learn how to mix and scratch. Hercules' ambition to bring Djing to the masses is also reflected in the fun new lighting modes that help teach about four-four time and how to count the beats. Five of these lighting modes are controlled directly by Serato DJ Lite.

Hercules DJMonitor 32

The Hercules DJStarter Kit includes a pair of Hercules DJMonitor 32 active monitor speakers for home mixing. These completely redesigned 2 x 15 watts RMS speakers with offset tweeters offer a clearer sound and a more noticeable stereo effect in the space.

Their compact size makes them easy to use on a desk in a bedroom or as the DJ's monitor speakers at a party.

Hercules HDP DJ M40.2

- The HDP DJ M40.2 headphones are the latest addition to the Hercules product line. Their simple and effective design and three key features make these headphones essential for any budding DJ who wants to get started mixing:
- Efficient noise insulation: the closed-back ear-cups and wide, comfortable ear pads keep out ambient noise. The DJ's hearing is therefore not disturbed by the outside world.
- Perfect mobility: these practical headphones swivel round, for easy one-ear monitoring and easy folding. Ideal for taking anywhere with you.
- High sensitivity ensures a high level of audio output for pre-listening in any environment.

The Hercules DJStarter Kit will be available for sale from November 23, 2018 at the recommended retail price of USD 179,99.
