

Looking for the best DJ deal of the year? Hercules unveils its all-in-one DJ solutions!

Rennes, 09/25/2019

After the launch of its new range of DJControl Inpulse controllers with the Hercules Inpulse 300, which received the prestigious Innovation Award at CES Las Vegas 2019, Hercules is proud to announce the launch of two new packs for DJs who are looking for an all-in-one solution to learn and master DJing.

To celebrate going back to school this year, Hercules is honoring its two flagship controllers—the DJControl Inpulse 200 and DJControl Starlight—by making them the centerpiece of two different packs, offering fans who are just starting out a complete solution to help them get started experimenting with DJing.

“The success of our new controllers convinced us to provide turnkey solutions that will enable our DJs to learn and progress quickly. With these two offers, Hercules gives fans everything they need to make their mixing experience easier, while upholding our promise of accessibility and quality,” says Agnès Cornière, Hercules’ Marketing Director.

The Hercules DJ Learning Kit is the ideal all-in-one kit to get started DJing. It consists of the DJControl Inpulse 200 controller, a pair of monitoring speakers (the DJMonitor 32), and the HDP DJ45 headphones. It’s the perfect gift for people who want to start mixing, improve, and become a DJ! The DJ Learning Kit comes with the complete software DJUCED® package for DJControl Inpulse 200. It’s the perfect solution to help you learn how to mix, using the integrated video tutorials from the Hercules DJ Academy.

The Hercules DJ Party Set, another new complete pack, is lightweight, compact, and easy to carry, so you’ll always have the equipment you need to liven up an impromptu get-together! It includes the DJControl Starlight controller for mixing and scratching on Serato DJ Lite, the HDP DJ45 headphones and five LED wristbands that light up in sync with the music. This portable set will allow you to throw together a party at the drop of a hat!

Do you want to treat yourself or give someone THE PERFECT end-of-year gift to get them started DJing right?

With these new Hercules deals, you’ll have everything you need to become a DJ!

AN IDEAL CONTROLLER TO LEARN DJING WITH SERATO DJ LITE

The DJControl Starlight inspires creativity and creates a passion for mixing! This ultra-compact, ultra-light, and ultra-practical controller boasts all the features you need to mix and scratch with Serato DJ Lite. Through its audio interface, DJControl Starlight allows you to preview your sound in the headphones before broadcasting your mix to the speakers, which is perfect when you're learning or preparing mixes. It's so complete for its size that it manages to include all the essential features, such as bass equalization/filter knobs for smooth transitions and touch-sensitive jog wheels to make scratching easier. And all of that is enhanced with the Hercules touch: clear and powerful RGB backlighting with a unique strobe effect!

THE HERCULES HDP DJ45

The perfect headphones to get started DJing: plug in to the headphone jack of your DJ equipment, preview the next track, rotate one earpiece to listen to the outside atmosphere, move around freely with the long spiral cable and fold the HDP DJ45 up to carry it.

5 LIGHT WRISTBANDS

Designed exclusively for music and mix-party lovers, this set also includes LED wristbands that react to the ambient music, to add a new dimension to your parties! The microphone integrated in the wristband detects sound and vibrations, allowing the flashes to light up in sync with the music and the beat.
